Cathlyn's Bedroom

I am Cathlyn Lee. There are many things in my bedroom.

There is a wardrobe. It is opposite the bed. It is white, orange and yellow.

There is a desk. It is near the bed. It is made of wood so it is hard. It is white. There is a chair. It is in front of the desk. It is light blue with white spots. It is big. It is made of plastic. My bed is near the door. It is pink and purple. It is made of steel.

I do my homework and read books in my bedroom. I like the blue wall with the 'Mickey and Minnie' ceiling light. I like my bedroom because it is big and comfortable.
